

# ARCHITECTURE TRANSLATION SERVICE

Nowadays, with the development of modernized and globalized construction, the translation service needs are growing each passing day in both architecture and construction industry.

People may not be familiar with vocabulary and jargons of architecture and construction industry. Therefore, I list some Chinese-English vocabulary commonly used in this industry.

工程造价 engineering estimate and budgets

检测 testing

治理 site remediation

勘察 Subsurface Investigation

降水 Dewatering

临时设施 construction facilities & temporary controls

成品保护 protecting installed construction

普通工程设备 ordinary engineering devices

施工设备 and controls

工程钻孔和钻探设备 engineering boring and drilling devices

**Our Services**
