

About the project:

Dezan Shira & Associates wants to translate its document from [German to English Translation](#).. CCJK team made a careful analysis and assigned the project to our relevant translators.

The services including:

- German to English Translation

Our solution:

For language translation

All translation tasks were finished by native [German translators](#) with abundant experience. Furthermore, CCJK ran a strict TEP (Translation, Editing and Proofreading) by 3 different linguists to make sure of top quality. The client enquired about CCJK translation service last year.

But the client and CCJK lost the chance to cooperate with each other at that time. This year, the client was very happy to tell CCJK that they came back to China office and got a file to be translated.

The client assigned the translation task to CCJK without asking CCJK to do any trial test. There were a total of 729 words to be translated. The original file was a PDF file. CCJK converted the PDF to word file.

And then arranged native English translators to translate. Within two working days, CCJK delivered the translation to the client. The client is very impressed by our fast delivery time and good quality.

The client expressed their great thanks to CCJK's good translation service. The client would definitely come back again if they have more files to be translated in the future.
