

About the project:

Dekra-certification.cn wants to translate its company [brochure from English to Chinese](#).. CCJK team made a careful analysis and assigned the project to our relevant translators.

The services including:

- 1) English to Chinese Translation
- 2) Desktop publishing service

Our solution:

For all translation tasks were finished by native translators with abundant experience. Furthermore, CCJK ran a strict TEP (Translation, Editing and Proofreading) by 3 different linguists to make sure of top quality. CCJK team delivered the translation file within 3 working days. The client was very impressed by our fast delivery time and good quality. And the client made some small changes about the translation file. CCJK translators reviewed the changes and then DTP engineers readjusted the formatting according to the content changes.

While the client was still not so satisfied. The client informed us to keep the English subtitle together with the Chinese subtitle. This was not so clear to CCJK team previously. While we keep the principle of “Clients First”, we made the changes again per our clients’ request. Eventually, the client was very satisfied and said “Thank you for your effort. The payment will be arranged after the National Day”

About client:

Founded in Berlin as a registered association Present in workshops at the end of the 70s
Corporate restructuring and realignment Acquisition of Norisko and expansion of the
