Parent:

General Electric

Website:

www.gehealthcare.com Are you looking for [Medical Industry Translation](#)? We are here for your assistance.

Challenges:

1. The TMS system was already developed, and GEHC required to include suppliers with demonstrated experiences, capable to work under pressure and extremely tight turnarounds.
2. Quality is a must, even with short Turnarounds.
3. Be able to cover a range of 30 languages

Approaches:

1. After proven experience with other segmentations of GE, Healthcare was interested on our capabilities that had shown positive result for GE Power.
2. GEHC wisely chooses several random projects of Power in order to qualify our capabilities.

3. After several projects reviews, and a request from our side to share our certifications and regulations allowing us to work on the medical field (as well on sworn translations), GEHC included us as their TMS Translation Partners.

Benefits:

1. The client included a highly skilled partner on the Asiatic languages, Engineering skills and DTP field.
