

About the project:

XENON Automation Asia Limited wanted to [translate technique documentation](#) and maintenance plan from English to Chinese.. CCJK team made a careful analysis and assigned the project to our relevant translators.

The services including:

[English to Chinese Translation](#)

Our solution:

All translation tasks were finished by native translators with abundant experience. Furthermore, CCJK ran a strict TEP (Translation, Editing and Proofreading) by 3 different linguists to make sure of top quality. CCJK team delivered the translation file within 5 working days. The client is very impressed by our fast delivery time and good quality. While the client mentioned a few minor mistakes regarding technique terms' translation. In this circumstance, CCJK sent an query log to our client immediately. The client filled out the query log. CCJK translators translated the terms according to the client's information. Eventually, the client was very satisfied with our translation quality. The client said "Thanks for your perfect translation service".

About client In July 2009, the shareholder of the XENON Automatisierungstechnik GmbH, the Highway Holdings Limited and the Matrix Systems International Limited signed the contracts for the creation of a joint venture and founded the company XENON Automation Asia Limited in China. "We recognize that the interest for automation equipment with high developed German technology grows."
