

SENTENCE STUDY 2

That business model is based on wholesale costs of \$9 per household passed and \$30 per business passed for DSL-like rates.

[]DSL 9 30

[]9 30 DSL

For T1 rates, the wholesale cost would be \$100 per business passed.

[]T1 100

[]T1 100

Rates are lower for service providers that want to let their subscribers roam onto the Philadelphia network.

[]

[]

For years, operators and electric utilities have been looking for ways to leverage the capacity of low-voltage power lines for communications uses.

[]

[]

While not all homes can receive DSL or cable Internet, every home has power outlets.
